Item 4 – Advisory Services

E Six Thirteen, LLC d/b/a Dunavant Wealth Strategies (herein “Dunavant Wealth” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”), which is organized as a limited liability company (“LLC”) under the laws of the State of Louisiana. The Advisor was established as a registered investment advisor in 2011 and is owned and operated by Eric L. Dunavant (President and Chief Compliance Officer). Dunavant Wealth is the wealth management division of E Six Thirteen, LLC.

This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Dunavant Wealth, including comprehensive wealth planning, asset management and targeted financial planning services.

The Advisor serves as a fiduciary to Clients, as defined under applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. Our fiduciary commitment is further described in our Code of Ethics. For more information regarding our Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Dunavant Wealth offers comprehensive wealth planning, asset management and financial consulting services to individuals, families and charitable organizations in Louisiana and other states (each referred to as a “Client”). Wealth Management Clients receive initial and ongoing financial planning and investment management services.

Investment Management Services

Dunavant Wealth provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and consulting services. Dunavant Wealth works with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. Dunavant Wealth provides unique asset management services to high net worth families and individuals.

Dunavant Wealth constructs portfolios with individual equity securities, exchange-traded funds (“ETFs”), individual fixed income securities and mutual funds to achieve the Client’s investment goals. The Advisor may also utilize publically traded real estate investments to meet the needs of its Clients. Clients will establish accounts in the Strategic Wealth Management (“SWM”) platform or the SWM II platform (In the SWM II platform, the Advisor absorbs securities transaction fees as detailed in Item 5.B). Smaller Client relationships may also be invested in a mutual fund wrap program called the Optimum Market Portfolio (“OMP”). Portfolio allocations to managed futures, if applicable, are typically implemented through unaffiliated managers in a managed accounts program (See below). Portfolio allocations to publically traded real estate if applicable, may be implemented along with other portfolio investments or by Mr. Dunavant in his separate capacity as a registered representative (See Item 10 – Other Financial Industry Activities and Affiliations).

Dunavant Wealth’s investment strategy is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions. Dunavant Wealth will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to the acceptance by the Advisor.

Dunavant Wealth evaluates and selects ETFs and mutual funds for inclusion in Client portfolios only after applying their internal due diligence process. Dunavant Wealth may recommend, on occasion, redistributing investment allocations to diversify the portfolio. Dunavant Wealth may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. Dunavant Wealth may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client’s risk tolerance.

Prior to rendering investment advisory services, Dunavant Wealth will ascertain, in conjunction with the Client, the Client's financial situation, risk tolerance, and investment objective[s]. Dunavant Wealth will provide investment advisory and related services. At no time will Dunavant Wealth accept or maintain custody of a Client's funds or securities. All Client assets will be managed within their designated account[s] at the Custodian, pursuant to the Client investment advisory agreement.

Use of Independent Managers

Dunavant Wealth may recommend that a Client utilize one or more unaffiliated investment managers or investment platforms (collectively "Independent Managers") for all or a portfolio of a Client's investment portfolio. In such instances, the Client may be required to authorize enter into an advisory agreement with the Independent Manager[s] that defines the terms in which the Independent Manager[s] will provide investment management and related services. The Advisor may also assist in the development of the initial policy recommendations and managing the ongoing Client relationship. The Advisor will perform initial and ongoing oversight and due diligence over the selected Independent Manager[s] to ensure the Independent Managers' strategies and target allocations remain aligned with its clients' investment objectives and overall best interests. The Client, prior to entering into an agreement with unaffiliated investment manager[s] or investment platform[s], will be provided with the Independent Manager's Form ADV 2A (or a brochure that makes the appropriate disclosures).

Prior to engaging Dunavant Wealth to provide investment advisory services, each Client is required to enter into one or more advisory agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client.

These services may include:

- Establishing an Investment Strategy – Dunavant Wealth, in connection with the Client, will develop an investment strategy to assist in achieving the Client's investment goals and objectives.
- Asset Allocation – Dunavant Wealth will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance of risk for each Client.
- Portfolio Construction – Dunavant Wealth will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – Dunavant Wealth will provide investment management and ongoing oversight of the Client's investment portfolio.

Dunavant Wealth does manage a wrap fee program. For certain Clients, the Advisor may include the securities transaction fees as part of its investment advisory fees above for discretionary trading following the Advisor's strategies (See SWM II above and Appendix 1 - Wrap Fee Program Brochure). Further, at times, Dunavant Wealth may allocate all or a portion of a Client's account[s] into a managed accounts program (See MWP above), which is structured similar to a wrap fee program (advisory fees, platform fees and transaction costs are rolled into a single fee). Lastly, smaller relationships may be invested in the OMP program, a wrap fee program. Please see Item 4.A above as well as Item 5. Fees and Compensation.

As of December 31, 2017, the Dunavant Wealth division manages \$117,354,050 in assets, all of which are on a discretionary basis. In addition, as of December 31, 2017, the Advisor also has \$114,905,099 in assets under advisement. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client shall sign one or more agreements that detail the responsibilities of Dunavant Wealth and the Client.

Investment Management Services

Investment advisory fees are paid quarterly, in advance of each calendar quarter, pursuant to the terms of the investment advisory agreement. Investment advisory fees are based on the market value of assets under management at the end of the last business day of the preceding calendar quarter.

Investment advisory fees are based on investment program[s] in which the Client's account[s] are invested and are based on the following schedule:

Assets Under Management	Annual Rate (%)	
	SWM/SWM II/MWP/MAN	OMP
Up to \$1,000,000	1.25%	1.40%
\$1,000,001 to \$3,000,000	1.00%	1.15%
\$3,000,001 to \$5,000,000	0.80%	0.95%
\$5,000,001 to \$15,000,000	0.60%	0.75%
Over \$15,000,000	0.40%	0.55%

The investment advisory fee in the first quarter of service is prorated to the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by Dunavant Wealth will be independently valued by the Custodian. Dunavant Wealth will not have the authority or responsibility to value portfolio securities.

Use of Independent Managers

For Clients referred by the Advisor to an Independent Manager, the Client's fee may be separately billed or deducted from the Client's account[s] by the Independent Manager.

Investment Management Services

Investment advisory fees are calculated by the Custodian or delegate and deducted from the Client's account[s]. The Client shall instruct the Custodian to automatically deduct the investment advisory fee from the Client's account[s] for each billing period and pay the investment advisory fee[s] to the Advisor. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with Dunavant Wealth at the beginning of each quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting Dunavant Wealth to be paid directly from their account[s] held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Use of Independent Managers

For Clients referred by the Advisor to an Independent Manager, the Client's fee may be separately billed or deducted from the Client's account[s] with the respective manager and a portion of the investment advisory fee may be provided to Dunavant Wealth.

Clients may incur certain fees or charges imposed by third parties, other than Dunavant Wealth, in connection with investment made on behalf of the Client's account[s]. For certain Clients, the Advisor may include the securities transaction fees as part of its investment advisory fees above for discretionary trading following the Advisor's strategy. Unless otherwise specified in the investment advisory agreement or other forms with the custodian, the Client shall be responsible for all custodial and securities execution fees charged by the custodian and executing broker-dealer. The investment advisory fee charged by Dunavant Wealth is separate and distinct from these custodian and execution fees. In addition, all fees paid to Dunavant Wealth for investment advisory services are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee.

Investment Management Services

Dunavant Wealth is compensated for its services in advance of the quarter in which investment advisory services are rendered. Either party may request to terminate the investment advisory agreement with Dunavant Wealth, at any time, by providing advance written notice to the other party. In addition, the Client may terminate the investment advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Advisor will refund any

unearned, prepaid investment advisory fees from the effective date of termination to the end of the quarter. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Use of Independent Managers

In the event that a Client should wish to terminate their relationship with the Independent Manager, the terms for termination will be set forth in the respective agreements between the Client and that Independent Manager. Dunavant Wealth will assist the Client with the termination and transition as appropriate.

Dunavant Wealth does not buy or sell securities and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Certain Advisory Persons of Dunavant Wealth are also registered representatives of LPL Financial LLC ("LPL Financial"), a securities broker-dealer, and a member of the Financial Industry Regulatory Authority ("FINRA") and the Securities Investor Protection Corporation ("SIPC"). In one's separate capacity as a registered representative of LPL Financial, an Advisory Person may implement securities transactions under LPL Financial and not through Dunavant Wealth. In such instances, an Advisory Person will receive commission-based compensation in connection with the purchase and sale of securities, including 12b-1 fees for the sale of investment company products. Compensation earned by an Advisory Person in one's capacity as a registered representative is separate and in addition to Dunavant Wealth's advisory fees. This practice presents a conflict of interest because Advisory Persons who are registered representatives have an incentive to effect securities transactions for the purpose of generating commissions rather than solely based on the Client. We mitigate this conflict in two ways. First, Clients always have the right to choose whether to purchase securities products through one of our Advisory Persons. Second, Dunavant Wealth will not charge an ongoing investment advisory fee on any assets implemented in the separate capacity of one of our Advisory Persons. Please see Item 10 – Other Financial Industry Activities and Affiliations.

Advisory Persons may also be licensed as independent insurance professionals. These persons will earn commission-based compensation for selling insurance products, including insurance products they sell to you. Insurance commissions earned by these persons are separate and in addition to our advisory fees. This practice presents a conflict of interest because persons providing investment advice on behalf of our firm who are insurance agents have an incentive to recommend insurance products to you for the purpose of generating commissions rather than solely based on your needs. However, to mitigate this conflict, Clients always have the right to choose whether to purchase insurance products through any person affiliated with our firm.

Item 6 – Performance-Based Fees and Side-By-Side Management

Dunavant Wealth does not charge performance-based fees for its investment advisory services. The fees charged by Dunavant Wealth are as described in Item 5 – Fees and Compensation above and are not based upon the capital appreciation of the funds or securities held by any Client. Dunavant Wealth does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Dunavant Wealth offers comprehensive wealth planning, asset management and financial consulting services to individuals, families and charitable organizations in Louisiana and other states. The amount of each type of Client is available on the Advisor's Form ADV Part 1A. These amounts may change over time and are updated at least annually by the Advisor. Dunavant Wealth generally does not impose a minimum account size for establishing an asset management. For Principled Planning Complex, Dunavant Wealth requires a minimum initial wealth-planning fee of \$3,000. Dunavant Wealth has a minimum account size of \$250,000 per household, this minimum may be waived at the sole discretion of the Advisor.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

Dunavant Wealth primarily employs a fundamental analysis method in developing investment strategies for its Clients. Research and analysis from Dunavant Wealth is derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate.

As noted above, Dunavant Wealth generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Dunavant Wealth will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Dunavant Wealth may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and /or the fundamentals of the security, sector or asset class.

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the risk of loss. Dunavant Wealth will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals. Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating an investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process is included in Item 13.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process.

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a

mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Real Estate Investment Trusts (“REITs”)

Investing in Real Estate Investment Trusts (“REITs”) involves certain distinct risks in addition to those risks associated with investing in the real estate industry in general. Equity REITs may be affected by changes in the value of the underlying property owned by the REITs, while mortgage REITs may be affected by the quality of credit extended. REITs are subject to heavy cash flow dependency, default by borrowers and self-liquidation. REITs, especially mortgage REITs, are also subject to interest rate risk (i.e., as interest rates rise, the value of the REIT may decline).

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Dunavant Wealth or any of its Supervised Persons. Dunavant Wealth and its Supervised Persons value the trust you place in us. As we advise all Clients, we encourage you to perform the requisite due diligence on any advisor or service provider in which you partner. Our backgrounds are on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with our firm name or our CRD# 158200.

Item 10 – Other Financial Industry Activities and Affiliations

Broker-Dealer Affiliation

Certain Advisory Persons are also registered representatives of LPL Financial LLC. In an Advisory Person’s separate capacity as a registered representative, the Advisory Person will typically receive commissions for the implementation of recommendations for commissionable transactions, this causes a conflict of interest. To mitigate this conflict Clients always have the right to choose whether to implement any recommendation provided by an Advisory Person of Dunavant Wealth, with any broker-dealer. The Advisor ensures that the implementation of recommendations to the Client is done in the best interest of the Client. In addition, neither Dunavant Wealth nor an Advisory Person will earn ongoing investment advisory fees in connection with any services implemented in the Advisory Person’s separate capacity as a registered representative. Under supervision by LPL Financial, LPL Financial may have access to certain confidential information of the Client, including, but not limited to financial information, investment objectives, transactions and holdings information. Please see our Privacy Policy, which is included with this Disclosure Brochure.

Insurance Agency Affiliations

Certain Advisory Persons are also a licensed insurance professional. Implementations of insurance recommendations are separate and apart from one’s role with Dunavant Wealth. As an insurance professional, the Advisory Persons may receive customary commissions and other related revenues from the various insurance companies whose products are sold. The Advisor ensures that the implementation of recommendations to the Client is done in the best interest of the Client. The Advisory Persons are not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This causes a conflict of interest in recommending certain products of the insurance companies. Clients always have the right to choose whether to implement any recommendations made by an Advisory Person of Dunavant Wealth, with any insurance professional.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Dunavant Wealth has implemented a Code of Ethics that defines our fiduciary commitment to each Client. This Code of Ethics applies to all persons associated with Dunavant Wealth (our “Supervised Persons”). The Code of Ethics was developed to provide general ethical guidelines and specific instructions regarding our duties to you, our Client. Dunavant Wealth and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Dunavant Wealth associates to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code of Ethics covers a range of topics that

address employee ethics and conflicts of interest. To request a copy of our Code of Ethics, please contact us at (985) 727-0775.

Dunavant Wealth allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Dunavant Wealth does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advice an investment company. Dunavant Wealth does not have a material interest in any securities traded in Client accounts.

Dunavant Wealth allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities we recommend (purchase or sell) to you presents a conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons have a conflict of interest when trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Dunavant Wealth requiring reporting of personal securities trades in order to determine that the Advisory Persons is not putting the Client into a disadvantage and adhering to the policies and procedures by its Supervised Persons for review by the CCO, pursuant to its Code of Ethics. We have also adopted written policies and procedures to detect the misuse of material, non-public information. In addition, the Code of Ethics governs Gifts and Entertainment given by and provided to the Advisor, outside employment activities of employees, Employee reporting, sanctions for violations of the Code of Ethics, and records retention requirements for various aspects of the Code of Ethics.

Dunavant Wealth allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. The Advisor and its affiliated persons often trade alongside its Clients and will often include trades for the accounts of affiliated persons at the same time as its Clients. **At no time, will Dunavant Wealth or any Supervised Persons of Dunavant Wealth, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

Dunavant Wealth does not have discretionary authority to select the broker-dealer / custodian for custody and execution services. The Client will engage the broker-dealer / custodian (herein the "Custodian") to safeguard Client assets and authorize Dunavant Wealth to direct trades to this Custodian as agreed in the wealth management agreement. As its Advisory Persons are also registered representatives of LPL Financial, Dunavant Wealth and its Advisory Persons are limited in the Custodian[s] in which they can recommend to Clients. Typically, Dunavant Wealth will recommend that Clients establish their accounts at LPL Financial, where Dunavant Wealth has access to LPL Financial's systems, back office support, research and other benefits.

While Dunavant Wealth receives these economic benefits from LPL Financial, we believe LPL Financial provides quality execution and related services for our Clients at competitive prices. Price is not the sole factor Dunavant Wealth considers in evaluating best execution and the recommendation of a custodian. Dunavant Wealth also considers the quality of the brokerage services provided by LPL Financial, including the firm's reputation, execution capabilities, commission rates, responsiveness to our Clients and location to our firm. Clients are free to use whatever Custodian they choose to implement financial planning recommendations. For additional information, please see Item 14.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are programs offered by broker-dealers whereby an advisor enters into an agreement to place security trades with the broker-dealer / custodian in exchange for research and other services. Dunavant Wealth receives soft dollar economic benefits from LPL Financial (Please see Item 14). Clients should be aware that the receipt of economic benefits from a Custodian creates a conflict of interest since these benefits may influence the Advisor's recommendation of the Custodian over one that does not furnish similar software, systems support, or services. To mitigate this conflict of interest the benefits received by the Advisor or its personnel through participation in the program do not depend on the amount of brokerage transactions directed

to LPL Financial. As part of its fiduciary duties to clients, the Advisor at all times puts the interests of its Clients first.

2. **Brokerage Referrals** - Dunavant Wealth does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. **Directed Brokerage** - The Advisor does not utilize directed brokerage and the Client has the ability to choose whom they utilize for a Custodian. If a client engages a Custodian other than LPL the Advisor's ability to aggregate a trade may be negated.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. Dunavant Wealth will execute its transactions through the Custodian as authorized by the Client. Dunavant Wealth may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage particular Client accounts.

Item 13 – Review of Accounts

Securities in Client accounts in Client accounts are monitored regular and continuous basis, at least monthly by Mr. Dunavant, President of the Advisor. Formal reviews are generally conducted at least annually.

In addition to the investment monitoring each Client account shall be internally reviewed at least annually. Reviews may be conducted more or less frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account. The Client is encouraged to notify Dunavant Wealth if changes occur in his/her personal financial situation that might adversely affect his/her investment plan. Additional reviews may be triggered by material market, economic or political events.

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor or the Custodian may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

Dunavant Wealth may refer Clients to various unaffiliated, non-advisory professionals (e.g. attorneys, accountants, estate planners) to provide certain financial services necessary to meet the goals of its Clients. Dunavant Wealth does not receive compensation for these referrals. Likewise, Dunavant Wealth may receive non-compensated referrals of new Clients from various third-parties.

Participation in Institutional Advisor Platform

Dunavant Wealth has established institutional relationship with LPL Financial to assist the Advisor in managing Client account[s]. The Advisor receives access to software and related support as part of its relationship with LPL Financial. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a conflict of interest since these benefits may influence the Advisor's recommendation of the Custodian over one that does not furnish similar software, systems support, or services. Additionally, the Advisor receives the following benefits from LPL Financial: financial start-up support; reimbursement to Clients for transfer costs to the platform/custodian; financing services, receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading

which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.

Dunavant Wealth does not engage paid solicitors for Client referrals.

Item 15 – Custody

Dunavant Wealth does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees, from the Client account at the Custodian. All Clients must place their assets with a qualified custodian. While Dunavant Wealth recommends LPL to be the Custodian, Clients are allowed to engage their own custodian to retain their funds and securities and direct Dunavant Wealth to utilize that Custodian for the Client's security transactions. Dunavant Wealth would be required to obtain permission to use a custodian other than LPL Financial due to the oversight role LPL Financial assumes over the Advisory Persons. Clients should review statements provided by the account custodian and compare to any invoices or reports provided by Dunavant Wealth to ensure accuracy, as the custodian does not perform this review. For more information about custodians and brokerage practices, see Item 12 – Brokerage Practices.

Item 16 – Investment Discretion

Dunavant Wealth generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. These purchases or sales are subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Dunavant Wealth. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by Dunavant Wealth will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

Dunavant Wealth does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements and supporting information directly from the Custodian. If questions arise, Dunavant Wealth may assist in answering questions, but cannot accept proxy-voting responsibility.

Item 18 – Financial Information

Neither Dunavant Wealth, nor its management, have any adverse financial situations that would reasonably impair the ability of Dunavant Wealth to meet all obligations to its Clients. Neither Dunavant Wealth, nor any of its advisory persons, has been subject to a bankruptcy or financial compromise. Dunavant Wealth is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect fees of \$1,200 for services to be performed six months or more in advance.

Item 4 – Services Fees and Compensation

A. Services

Dunavant Wealth provides customized investment advisory services for its Clients. This Wrap Fee Program Brochure is provided as a supplement to the Dunavant Wealth Disclosure Brochure (Form ADV 2A). This Wrap Fee Program Brochure is provided along with the complete Disclosure Brochure to provide full details of the business practices and fees when selecting Dunavant Wealth as your investment advisor.

As part of the investment advisory fees noted in Item 5 – Fees and Compensation of the Disclosure Brochure, Dunavant Wealth includes normal securities transaction fees as part of the overall investment advisory fee. Securities regulations often refer to this combined fee structure as a “Wrap Fee Program”. The Advisor sponsors the Dunavant Wealth Wrap Fee Program.

The sole purpose of this Wrap Fee Program Brochure is to provide additional disclosure relating the combination of securities transaction fees into the single “bundled” investment advisory fee. This Wrap Fee Program Brochure references back to the Dunavant Wealth Disclosure Brochure in which this Wrap Fee Program Brochure serves as an Appendix. **Please see Item 4 – Advisory Services of the Disclosure Brochure for details on Dunavant Wealth’s investment philosophy and related services.**

B. Program Costs

Advisory services provided by Dunavant Wealth are offered in a wrap fee structure whereby normal securities transaction costs are included in the overall investment advisory fee paid to Dunavant Wealth. As the level of trading in a Client’s account[s] may vary from year to year, the annual cost to the Client may be more or less than engaging for advisory services where the transactions costs are borne separately by the Client. The cost of the Wrap Fee Program varies depending on services to be provided to each Client, however, the Client is not charged more if there is higher trading activity in the Client’s account[s]. A Wrap Fee structure has a potential conflict of interest as the Advisor may have an incentive to limit the number of trades placed in the Client’s account[s]. **Please see Item 5 – Fees and Compensation of the Disclosure Brochure for complete details on fees.**

C. Fees

Investment advisory fees are paid quarterly, in advance of each calendar quarter, pursuant to the terms of the investment advisory agreement. Investment advisory fees are based on the market value of assets under management at the end of the last business day of the preceding calendar quarter.

Assets Under Management (\$)	Annual Rate (%) (SWM II)
Up to \$1,000,000	1.25%
\$1,000,001 to \$3,000,000	1.00%
\$3,000,001 to \$5,000,000	0.80%
\$5,000,001 to \$15,000,000	0.60%
Over \$15,000,000	0.40%

The investment advisory fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client’s fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by Dunavant Wealth will be independently valued by the Custodian. Dunavant Wealth will not have the authority or responsibility to value portfolio securities.

As noted above, the Wrap Fee Program includes normal securities trading costs incurred in connection with the discretionary investment management services provided by Dunavant Wealth. Securities transaction fees for Client-directed trades may be charged back to the Client.

Clients may incur certain fees or charges imposed by third parties in connection with investments made on behalf of the Client’s account[s]. Under this Wrap Fee Program, Dunavant Wealth includes securities transactions costs as part of its overall investment advisory fee.

In addition, all fees paid to Dunavant Wealth for investment advisory services or part of the Wrap Fee Program are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund’s prospectus. These fees and expenses will

generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. The Client may also incur other costs assessed by the Custodian or other parties for account related activity fees, such as wire transfer fees, fees for trades executed away from the Custodian and other fees. The Advisor does not control nor share in these fees. The Client should review both the fees charged by the fund[s] and the fees charged by Dunavant Wealth to fully understand the total fees to be paid. Please see Item 5.C. – Other Fees and Expenses in the Disclosure Brochure (included with this Wrap Fee Program Brochure).

D. Compensation

Dunavant Wealth is the sponsor and portfolio manager of this Wrap Fee Program. Dunavant Wealth receives investment advisory fees paid by Clients for participating in the Wrap Fee Program and pays the Custodian for the costs associated with the normal trading activity in the Client's account[s].

Item 5 – Account Requirements and Types of Clients

Dunavant Wealth offers investment advisory services to individuals, families and charitable organizations. Dunavant Wealth generally does not impose a minimum account size for establishing a relationship. Please see Item 7 – Types of Clients in the Disclosure Brochure for additional information.

Methods of Analysis

Please see Item 8 of the Disclosure Brochure (included with this Wrap Fee Program Brochure) for details on the research and analysis methods employed by the Advisor.

Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Dunavant Wealth will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account[s]. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor. Please see Item 8.B. – Risk of Loss in the Disclosure Brochure for details on investment risks.

Proxy Voting

Dunavant Wealth does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 7 – Client Information Provided to Portfolio Managers
